## Welcome to The Egg Café & Eatery!

My name is Mike Schmidt & I am the owner / operator of The Egg Café & Eatery. To say I am a most fortunate man is indeed an understatement. I have been blessed with a supportive wife & two wonderful children. It is because of them that *The Egg Café & Eatery* was born.

~ What follows is a brief history of how The Egg Café & Eatery came to be ~

I am a lifelong resident of Tallahassee & number 12 of 15 children. Through my parents I learned the value of hard work, planning & organized chaos. My life in a big family is part of what led me to the restaurant business. I watched my parents plan, purchase & cook meals for our family in large quantities, *all with a touch of love for added flavor*. This is how I run my business - with a touch of pride & love for our community.

After spending the last 11 years as an owner / operator in the breakfast, brunch & lunch business, & with the support of my family & friends, I decided to embark on a new & exciting path. The Egg Café & Eatery allows me the flexibility to offer local fair & support our local business associates - some of whom have their products right here in my restaurant.

It is our mission to provide the finest quality products & services to all of our guests - *all with a touch of love for added flavor*.

On behalf of my family & staff, I look forward to providing you a restaurant that Tallahassee can be proud of. We are very excited & looking forward to a great future in Tallahassee.

**Thank you for choosing The Egg Café & Eatery!**
