## The Way We Roll

We are not perfect and we will happily correct our errors. Any food or drink that is prepared correctly, may NOT be returned because you "just didn't like the flavor". Our manager has been trained on what "prepared correctly" means and will determine if it was prepared correctly or not.

We know that practically everyone has a cell phone that trying to have two conversations at once leads to misunderstandings. So to avoid any misunderstandings, we will not pay attention to your cell phone conversation, which means that we will NOT be listening to you with a cell phone up to your ear or one of those stealth blue-tooth ear pieces either. We are here to serve you, please give us your undivided attention so we can serve you properly.

Our take-out menu is provided as a convenience. If you are going to place a take-out or phone order, please take a few minutes to review our menu and get your order organized before calling. Please respect that we, nor our customers, do NOT have time to wait on the phone while you ask your co-workers what they would like to order. Please pay attention to the LOCATION you call to place your order as that is where your food will be waiting for you. We must insist that you pick up your food from the location you ordered it from. We are not able to re-cook your order, due to an extended stay in our to-go boxing, awaiting your arrival. Our take-out menu items and pricing are subject to change at any time without prior or written notice.
