

Scientific Proof of The Sex Fairy.
SEX FAIRY.

Be sure to read the warning at the bottom. I didn't change a word! I'm not messing with the Sex Fairy!...unless she shows up in leather with a riding crop. }:-)

1. Sex is a beauty treatment. Scientific tests find that when women make love they produce amounts of the hormone estrogen, which makes hair shine and skin smooth.
=====

2. Vigorous lovemaking reduces your chances of suffering dermatitis, skin rashes and blemishes. The sweat produced cleanses the pores and makes your skin glow.
=====

3. Lovemaking can burn up those calories you piled on during that romantic dinner.
=====

4. Sex is one of the safest sports you can take up. It stretches and tones up just about every muscle in the body. It's more enjoyable than swimming 20 laps, and you don't need special sneakers!
=====

5. Sex is an instant cure for mild depression. It releases endorphins into the bloodstream, producing a sense of euphoria and leaving you with a feeling of well-being.
=====

6. The more sex you have, the more you will be offered. The sexually active body gives off greater quantities of chemicals called pheromones. These subtle sex perfumes drive the opposite sex crazy!
=====

7 . Sex is the safest tranquilizer in the world. IT IS 10 TIMES MORE EFFECTIVE THAN VALIUM.
=====

8. Kissing each day will keep the dentist away. Kissing encourages saliva to wash food from the teeth and lowers the level of the acid that causes decay, preventing plaque build-up.
=====

9. Sex actually relieves headaches. A lovemaking session can release the tension that restricts blood vessels in the brain.
=====

10. A lot of lovemaking can unblock a stuffy nose. Sex is a natural antihistamine. It can help combat asthma and hay fever.

If you don't, then you will never receive good sex again for the rest of your life. You will eventually become celibate, and your genitals will rot and fall off. This is no joke! Send an email with this web page location to people you think need sex (who doesn't?). -----

Let ten people know about this and see what happens in four days.
