

## **Urine Tests**

From AN AMERICAN TAXPAYER

Like a lot of folks in this country I have a job. I work, they pay me. I pay my taxes and the government distributes my taxes as it sees fit.

In order to get that paycheck, I am required to pass a random urine test, with which I have no problem.

What I do have a problem with is the distribution of my taxes to people who don't have to pass a urine test. Shouldn't one have to pass a urine test to get a welfare check, because I have to pass one to earn it for them??

Please understand, I have no problem with helping people get back on their feet. I do on the other hand have a problem with helping someone sitting on their ass. Could you imagine how much money the state/country would save if people had to pass a urine test to get a public assistance check?????

Hope you all will pass this along, because something has to change in this country and soon!!!! "

Please pass this along to your Representatives and Senators if you agree.
